

Capturing
timeless Romance

Our mission

is to craft timeless and cinematic wedding photography that captures the essence of romance and nostalgia.

Inspired by Hong Kong's great cinema directors, we aim to create visually stunning and emotionally resonate images that celebrate *your unique love story*.

Process

-
- 01 Call**

We start with a complimentary consultation to understand your love story, aspirations, and vision. This conversation helps us tailor the experience to reflect your unique narrative.
 - 02 Schedule**

After our consultation, we'll arrange a shoot date that suits your schedule and locations. We handle all logistics, allowing you to relax and focus on your creative vision.
 - 03 Research**

We'll create a custom moodboard reflecting your story, location preferences, and style. Inspired by cinema, art, and your tastes, we ensure each visual element is purposeful and beautiful.
 - 04 Team**

Whether you prefer a classic or modern look, we tailor the grooming and styling to match your creative goals, ensuring no detail is overlooked.
 - 05 Shoot**

On shoot day, we create a relaxed atmosphere, guiding you through each moment. Our interactive approach refines and captures your preferred aesthetic, keeping you central to the process.

Leo’s clear communication about his vision made collaborating a breeze, even though we weren’t professional models.

The session was not only amazing, but also incredibly fun, and I would eagerly sign up for another shoot with him!”
